Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (NA) Not available. (X) Not applicable.

In computing these ratios contract or subcontract employment serving the establishment is excluded. The cost of contract work or subcontract work expressed as a percent of payroll for 1963 was: For Bituminous Coal 9 percent; for Lignite 10 percent; for Bituminous Coal Mining Services 16 percent.

Represents establishments with zero or negative value added; establishments with no employees; and for number of employees and payroll includes figures for separately reported central offices and related facilities.

Not shown since cost of supplies, purchased fuels and electricity, contract work, and purchased machinery exceeds value of shipments and receipts plus capital expenditures.
